FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem — 97 percent of all our forest fires being man-caused and preventable — a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Carelessness and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires — all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort — The rules are simple.

1. Don't burn at home — use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material — cigars, cigarettes and matches — are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.
6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER — the fire you prevent might be the one which could burn YOUR property.

REMEMBER — Forest Fire Prevention is Everybody's Business and our Most Important Undertaking.

1957 Forest fire record for your town:
Number of fires — 6
Acreage burned — 17 1/10
Number of permits issued — 332

District Fire Chief

GILFORD PUBLIC LIBRARY

To the Citizens of the Town of Gilford:

The undersigned Trustees of the Gilford Public Library submit the following report for the year ending December 31, 1957.

Mrs. Madelene Whitney resigned on July 1, 1957, as Librarian after eight years of loyal and competent service, and Mrs. Dorothy Simonds was elected to take her place. Mrs. Simonds is a trained librarian.

We also have a new Janitor. We were sorry to lose Everett Sanborn due to his increased duties at the School but are fortunate that Dave Smith took over his work. Some small items of equipment have been purchased to help with the care of the building, such as stepladder and snow shovel.

Mrs. Whitney in the spring worked with the Girl Scouts on their Reader's Badge. There were six girls taking the course, and they came to the Library afternoons and evenings, two at a time, for several sessions. During National Book Week in November Mrs. Simonds set up two displays at the School and had a story hour at the Library. She also spoke at the P. T. A. relative to children's good books and the opportunity the Library is providing to foster interest in the children for good literature.

Because of her duties as librarian, Mrs. Simonds has resigned as trustee, and we are happy to announce that Mrs. Kathleen Taylor has been appointed by the Selectmen to serve until the next annual Town Meeting.

Respectfully submitted,

LOUISE L. ELSNER
KATHLEEN B. TAYLOR

GILFORD FIRE DEPARTMENT

1957

Our records indicate response to 46 fire calls during the past calendar year. Of these, 13 were to fires in habitable buildings, 18 were to brush, grass or woods fires and 15 were to other miscellaneous types including flooded oil burners, rescue calls and mutual aid calls.

We are pleased to report completion of the installation of General alarm sirens at the Glendale and Gilford Village stations in conjunction with the necessary radio control equipment which also is now in service. This improvement has materially increased the operating efficiency of the department. In addition, a small office has been constructed at the Gilford Village station to house the new equipment.

Work on the new station at Glendale is progressing satisfactorily with all work necessary for efficient fire department operation completed and the construction of social rooms and kitchen facilities on the second floor well under way.

For the most part, all the work done in the past year has been on a voluntary basis with the members of both the Glendale company and the Gilford Village company taking part and they have done a very creditable job.

As Gilford continues to grow so must your fire department if it is to continue to carry the responsibility for the suppression of fires in the community with a minimum loss to the taxpayer, and to the town as a whole. Therefore, we have made preliminary plans for a new Fire Department Headquarters building in Gilford Village and propose to replace our "White" pumper (now 21 years old) with new apparatus of modern design. Both of these improvements have been previously recommended by the Board of Underwriters. We trust both projects will receive your favorable attention.

The construction of a village waterworks system capable of providing fire protection from hydrants has been mentioned many times in the past. We feel that this project would be of considerable value to the town and would like to go on record with the recommendation that the feasibility of such a project be thoroughly investigated by the Planning Board and a complete report, with recommendations, be presented at the next town meeting.

The cooperation received from all departments of the town government is sincerely appreciated. The efforts of the Gilford Police Department and the Ladies' Auxiliaries have been of singular value during emergencies. Most of all, you, the townspeople of Gilford, are to be complimented on the excellent manner in which you have cooperated with us and have kept the incidence of fires to a minimum.

Respectfully submitted,

G. E. LANGILL, Chief
J. F. GODDARD, JR., 1st Engineer

REPORT OF THE POLICE DEPARTMENT

To the Citizens of the Town of Gilford:

I hereby submit this report covering the work of the Police Department for the year ending December 31, 1957.

In addition to myself, your Police Department consists of one Sergeant, ten special officers that do regular duty when called, plus five other men that hold appointments as special officers who may be called in the event of any emergency.

During the week of May 13 through 17 I attended the F.B.I. School on Police Administration at Boston, Mass.

Our Gilford Police Relief Association has averaged a good attendance at the regular monthly meetings, and on behalf of the Association I wish to thank those who have supported this worthy cause financially.

As an outgrowth of this organization, The Belknap County Law Enforcement Association was founded to better acquaint one with another, and for the purpose of instruction through speakers, movies, etc. These meetings are also held once a month in various towns about the county. The Gilford officers are very much interested in this organization and take an active part in the meetings.

Due to the rapid development of the town and the growth of population it is necessary to add a regular man to assist me during the summer months. There being approximately 63% more work in this department during 1957 (as shown in the following itemized comparative account) I am asking that a police cruiser be purchased this year.

I have secured figures from two comparative towns in the Lakes Region and information concerning what is done for the Police Department in each:

Wolfeboro — Valuation for tax purposes $7,186,657. Three regular men in addition to the Chief @ $60 per

week. Chief's salary $75 per week. Police cruiser provided.

Meredith — Valuation for tax purposes $6.200,223. One regular man during the summer in addition to the Chief. Chief's salary $75 per week. Police cruiser provided.

Gilford — Valuation for tax purposes $6,056,629. Chief's salary $65 per week and $520 per year for mileage and car expense.

In closing, I wish to thank those who have assisted me during the past year.

Respectfully submitted,

CHARLES F. BURDITT,
Chief of Police.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents
and Voters:

School Building Addition

The new school addition, consisting of four classrooms, administration office, new cafeteria-kitchen, auditorium-gymnasium, and additional land to replace part used for new construction, gives the school district a needed and very valuable extension of an excellent school system. The addition is well planned, economical, blends with the landscape and the rest of the building, and will solve Gilford's building needs for grades 1-6 inclusive for the present.

The School Board, the Planning Committee, the Parent-Teacher Association, the Selectmen, and all citizens deserve commendation for the democratic support of the needs to retain Gilford's outstanding position in New Hampshire education.

The School Board of Mr. Jack Sawyer, Chairman, Mr. Richard Talbot and Mrs. Ethel Dolloff spent long hours and endless meetings in the planning of this excellent building. They were assisted at all times by the members of the Building Committee. Mrs. Esther Peters became a board member last March and has been a wonderful asset in all the meetings with the architect, contractor and bidders on various equipment. These four board members have shown that they have the interest of the children at heart and also determination to give the taxpayers the best potential physical plant.

All citizens of Gilford should know that Chairman Jack Sawyer practically acted as Clerk of the Works, for he visited the construction at least twice a day during the entire period and used a great deal of his personal time in checking all details of the construction.

Gilford Proposed Budget for 1958-1959

The requested Gilford School budget for 1958-59 is approximately $5,000.00 more than the previous year. This is a very low increase when it is considered that the budget includes two additional grade teachers and a kindergarten teacher for next year.

The largest item in the school budget is the $59,660.00 provided for tuition for grades 7-12 inclusive attending Laconia schools. The $62,530.00 in the 1957-58 budget included almost $7,000.00 for tuition for the previous year.

The bond issue will include $25,000 for principal payments and $5,390.00 for interest.

Gilford is one of the minority of communities in the state where the census does not give a reliable prediction of enrollment. The growth of Gilford means that school building will be a continual problem.

Tuition Rates and Costs

The following table shows the tuition rates and totals paid since the pupils of Grades 7 and 8 were assigned to Laconia in September 1947 because of lack of classrooms in Gilford:

Year	Total Payments		Senior High Tuition Rate	Junior High Tuition Rate
1958-59	$59,660.00	(budget)	$376.00	$300.00
1957-58	62,530.00	(includes $6,689.66 paid 7-1-57 on 1956-57 year)	350.00	315.00
1956-57	45,727.79	(note above)	346.00	319.00
1955-56	38,384.41		321.00	292.00
1954-55	30,893.68		320.00	280.00
1953-54	27,148.17		305.00	265.00
1952-53	25,837.74		285.00	238.00
1951-52	21,781.14		262.00	233.00
1950-51	17,824.48		245.00	205.00
1949-50	15,176.56		195.00	125.00
1948-49	11,360.24		150.00	110.00
1947-48	9,133.43		125.00	100.00
1946-47	5,789.41		108.00	95.00
1945-46	4,239.56		100.00	92.00

Summary

1. It is probable with continued inflation that the high school tuition rate may reach the sum of $500.00 per year within a relatively short time.
2. In approximately one decade the costs have increased over seven times the original annual cost in 1947-48 while the number of pupils has approximately doubled.

Teaching Staff

The Gilford teaching staff does excellent work with wonderful results on all standard tests. The graduates of the Gilford School unquestionably are an educational, cultural and financial asset to the Laconia schools. They are prominent in all educational and extra-curricular activities.

Future Building Needs

Future building needs of Gilford will probably require a new site on a ten-acre lot. An investment in a new site would provide the land for any new construction. There would be no financial loss if the town growth did not require additional space.

Appreciation

May I express my appreciation for the excellent cooperation which I have always received from the School Board since entering work in this Union in November, 1951. The fine people who have served on the Gilford School Board during that period have always worked for the best interest of the children. The members of the Planning Committee were a very decided asset to the planning and construction of the new building. The Parent-Teacher Association of Gilford has worked for the advancement of the schools and the pupils. The cooperation of the Principal, the teaching staff, the cafeteria workers, the custodians and the bus drivers makes Gilford a school of excellent morale and good citizenship.

It is said that "What a community thinks of education is portrayed by its schools."

The school building plant, the equipment, the books, the supplies, and the playground show that the Gilford people support the best education for its youngsters.

Cordially yours,

GORDON L. FOX,
Superintendent of Schools.
